

# PATRESS-PRO-AS7

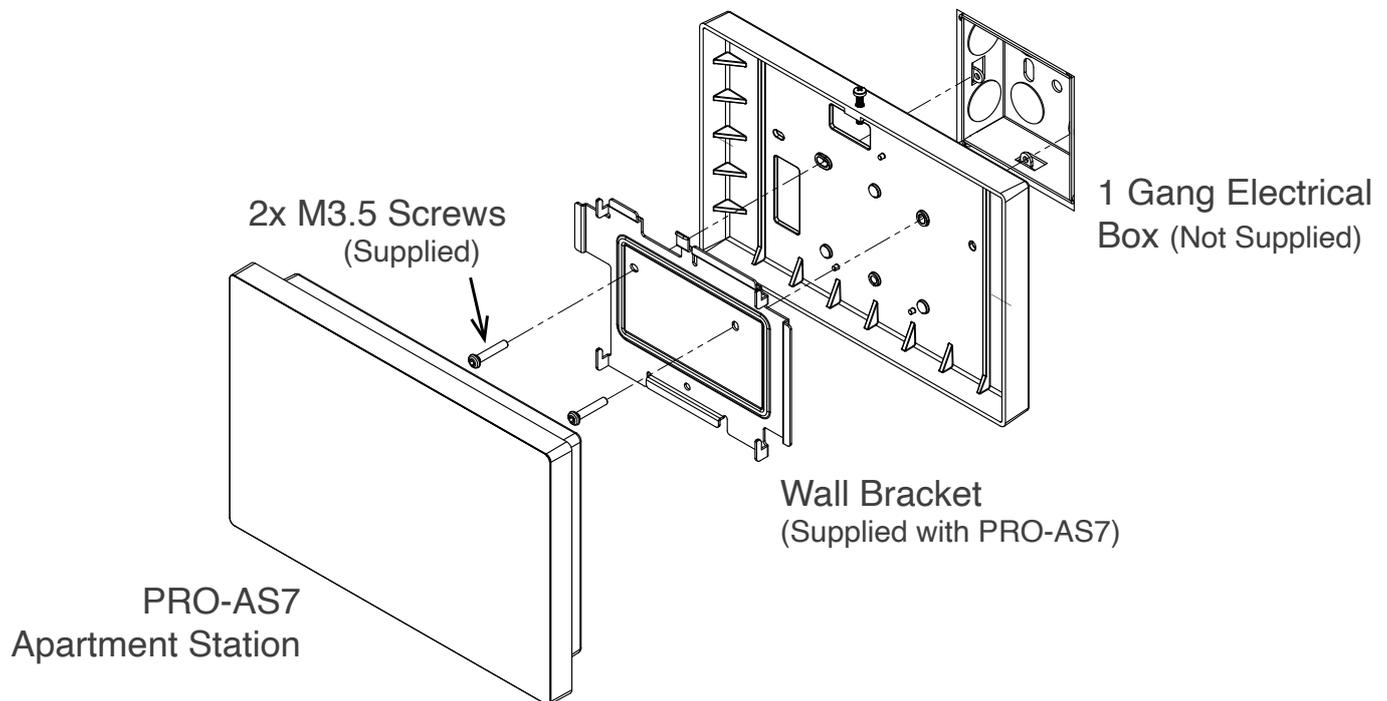

Surface Pattress Box for PRO-AS7 Apartment Station

## Overview

PATRESS-PRO-AS7 is a surface mounted pattress box for the PRO-AS7 Entrotec Pro Series IP touchscreen apartment station. The pattress enables easy installation on both refurbishments and new installations.

The pattress can be optionally fitted over a 1 gang electrical wall box with the supplied fixings or fixed directly to the wall and is an ideal depth for use with surface mini trunking if required.

The pattress is a robust design and features a hidden retaining screw that keeps the apartment station fitted securely to the wall.
