

48001 PANEL MOUNT HF READER

CAME KMS PANEL MOUNT READER

Reader shown in situ

The CAME KMS SimpleKey HF reader provides all the benefits of CAME KMS residential access control, together with additional security via our bespoke HF technology.

- The HF Panel Mount reader operates with CAME KMS HF Dual and HF Mifare Tokens.
- It connects to the CAME KMS Simplekey 4 and Simplekey 3 systems and also operates with other manufacturers' access control systems.
- 3 coloured LEDs indicate the door state, either locked or unlocked, and also when the system voltage drops below 10.5V.
- Robust British designed and built readers for UK housing providers and comes with a lifetime guarantee.
- Designed to be mounted within metal panels, no thicker than 2mm with a 40mm square cut-out for the front of the reader to protrude through.
