

HF MIFARE FOB

HIGH FREQUENCY MIFARE ACCESS CONTROL

The CAME KMS HF Mifare fob provides all the benefits of CAME KMS residential access control, together with additional security via Mifare technology.

- **High frequency** developed using CAME KMS unique Mifare based protocol, providing a significantly greater level of security.
- **Compatibility** with the CAME KMS HF Reader taking advantage of the higher security.
- **Differentiation** available with 7 different colours, enabling identification between fob issued to an address or user type.
- **Robust** design for the UK housing providers and comes with a life time guarantee.
